List of Text books and Notebooks for Classes Balvatika-I to XII for the Academic Year 2026-27.

As per NEP 2020, Children learn best through play - through activity and doing. They like to run, jump, crawl, and balance, they enjoy repetition, they respond spontaneously to rhythm, they talk, they ask, and they reason, and answer questions posed to them. They learn by first-hand experiences involving manipulation, exploration, and experimentation.

Children should be exposed to age-appropriate, physical, educational, and social activities through play-based methods. It helps them to learn better and grow better.

Thus no books are suggested for the Balvatika classes but some reference material, activities books are recommended for classroom planning and instructions.
